An Invitation.

A cordial invitation is extended to breeders generally to be present at the Cherry Grove sale of Shorthorns. One of the greatest sources of satisfaction in this business is the strengthening of old friendships and the making of new ones. Operations have been confined to buying and breeding the best.

My grandfather the Senior J. R. Jones drove fat cattle from the rich prairies of Illinois to New York before the railroads and his experience in feeding beef cattle caused him to be among the first to see the value of Imported Scotch Short-Horns which he bought and laid a foundation from which my father Milton E. Jones bred, fed and exhibited the famous Cherry Grove steers that for four years held high the banners against all breeds making a record never equaled winning highest honors at all leading shows of America including Des Moines, Springfield, Columbus, and Chicago, finishing at the Columbian Worlds Fair taking both the Grand Championships for single animal and Groups against all breeds and all ages.

The herd has recently bred and exhibited first prize and Championship winners at leading State Fairs and the International. Some of the very best cattle we ever bred are here included as well as about half of our recent importation.

Selection of foundation stock was made with the idea of conforming to the best traditions and practices of the great breeds. In this herd AS A LIFE WORK, the desire is to so deal in every way with fellow-breeders as to merit their confidence and esteem. Preparations for this, to me the most important event, have been made with the hope and expectation that they will meet with the approval of breeders far and near. Each and all, whether expecting to buy or not, will be most cordially welcome.

JOHN R. JONES.

NEW IMPORTATION OF SHORTHORNS.

The New Importation of Short-Horns, recently selected in Scotland for the Cherry Grove Farms include the very best breeding obtainable.

Most of the best cattle in America either have been imported or trace directly to Imported ones.

We hope our experience as Importers and Breeders has enabled us to select the seed stock which will produce cattle of the highest type and will scatter over our country such fresh imported blood as will cause other breeders to successfully use it upon herds which our fore fathers wisely laid foundations upon which to build the best herds in the world.

We secured the first pick of the famous Heatherwick herd of Mr. Bruce and here offer a part of it as an attraction. Also have them bred by Duthie, Durne, Campbell, J. Duthie Webster, Jamieson, Wilson, Anderson and Crombie.

It was our successful mating the Imported cattle with our own breeding for three generations of the Jones family that has caused success to follow us for many years and that now the herd is better than ever before and the cause of this recent importation is the desire to produce the best.

Not only have we tried to Import the best from Scotland direct but have bought the best when found in the many good herds of America and will continue to buy seed stock from our good patrons in America.

It requires from one to two years for Imported cattle to be at their best so it is therefore favorable at this time to buy these recently imported cattle as they must be sold thin in flesh.

Recently the highest priced female sold at what was probably the biggest sale ever made in Canada was a descendent of Imp. Stella which we Imported twenty years ago which shows the blood breeds on.

It is not the individual merit in a calf recently imported or born from a dam just imported that measures their true worth but The future usefulness of this new blood that makes it valuable.

We came near selling Scotch Goods that great son of the Worlds Champion Imp. Cicely as a calf for near nothing but as he began to develop into a yearling he did so far beyond all our expectations and at the International he was crowned Grand Champion.

Many recently imported cattle have gone through sales to buyers who in less than a year have resold them at two and three times the purchase price and this is why these are offered with confidence.

"In the opinion of Shorthorn breeders over the country, it was a masterstroke when they secured for service at Cherry Grove the celebrated show and breeding bull Lord Banff,"—Geo. E. Martin.

LORD BANFF

**The First Scotch Bull to Sell at Auction for Over
\$5,000.00; 1st Prize 2 year old at all Lead-
ing Shows of his Year**

Let me advise that you get some Cherry Grove blood into your herds. There is Cherry Grove back of them all, a name that has made history, that is making history, and that will continue to make the kind of history that is a credit to the breed, a source of profit to the breeder and an inspiration for future generations.

WILL JOHNSON, of The Shorthorn World.
